## Alchemy private medical insurance plan hospital list

This Hospital List contains private hospitals and some commonly used NHS Hospitals that you may choose to use for your treatment.

Not all NHS Hospitals are listed in this Directory, however you can still choose to receive treatment within their private facilities. If you decide to utilise the NHS, your policy also provides an NHS Cash Benefit option - see the Policy Documents for more information.

You can upgrade your cover to include the 'Alchemy Extended Hospital List' (see back cover), which provides full cover at all major London hospitals, at an additional premium. Hospitals shown with a (P) relate to psychiatric hospitals and can only be used where you have selected Option 3 – Psychiatric Benefits of the additional add-on options.

If there is another hospital that you would like to use, please call us on 0844 815 0893 to check for availability.
